Cool Down- right when kids come in from recess they will wash up and go straight to grabbing a book, their journal, or resting. They can draw, write a story of their own, write a letter to someone, draw a comic strip, finish a writing prompt, etc. This is to be a **quiet, individual**, cool down time for kids to have some "me" time, and keep up on reading and writing through the summer months. Teachers will help children who may want or need assistance.
